## Dwyer Instruments

### #1 M480 Vaneometer Qty 1

A durable low-priced instrument specifically designed to simplify the measurement of low air velocities from 0/2 mtrs/sec. For checking spray booths and at fume, smoke and dust exhaust hoods under OSHA, EPA and other safety ventilation requirements. It's small in size, light weight & has a spirit level to ensure accurate readings and large scales for readability.

**ONLY \$40.00**

### #2 1211-60 Slack Tube Manometer Qty 1

Accurate as laboratory "U" gauges, yet flexible for storage and durable for rough usage. Measures static, vacuum or differential pressure, with a range of 30/0/30" H<sub>2</sub>O. For use in determining velocity and static pressures, for leakage, fan and blower tests, calibrating control devices, checking gas pressure, etc. For use with water or mercury only.

**Normally \$205.00**

**NOW ONLY \$99.00**

### #3 400 Air velocity Meter Kit Qty 1

Used to balance air conditioning systems, measure pressure drop across filters, and test fan and blower discharge and inlet pressures, as well as air velocity in ducts. Offers the convenience of a dual purpose instrument — plus high accuracy on easy-to-read scales. Measures 0/45 m/sec and 0/1.2 kPa.

**Normally \$1200.00**

**NOW ONLY \$725.00**

### #4 RMC 141-SSV Rate Master Flowmeter Qty 1

Ideal for general flow measurements. Easy to read brushed aluminium scales with highly visible black float. 10" injection moulded of tough, clear, shatterproof polycarbonate plastic around a precision tapered pin — accurate to ±2%. Manufactured with a stainless steel valve for use on air, water and other compatible media. Measures 0.1/1 Gal. Water/ minute.

**Normally \$ 350.00**

**NOW ONLY \$155.00**

**Photos are for illustrative purposes only.**

All items are ex-stock at the time of listing. Standard Terms & Conditions apply.

Payment on receipt of invoice prior to shipment of goods.

Delivery FOB Toongabbie using your freight account. All prices **exclude GST**, and are current until sold and apply to above items only.

## Dwyer Instruments

### #5 Series 2000 Magnehelic Gauges

Measure high Accuracy readings using Dwyer's frictionless movement to indicate low air or non-corrosive gas pressures – either positive, negative (vacuum) or differential. Designed to resist shock, vibration and over pressures. Use to measure fan/blower pressures, filter resistance, air velocity, furnace draft, pressure drop across orifice plates, etc.

2000-125 PA Qty 2

2000-250 PA Qty 1

**ONLY \$90.00 each**

### #6 Series 3000 Photohelic Switch/Gauges

This product combines the functions of a precise, highly repeatable differential pressure switch with a large, easy-to-read analogue pressure gauge employing the durable, time-proven "Magnehelic" gauge design. Switch setting is easy to adjust with large external knobs on the gauge face. Gauge accuracy is  $\pm 2\%$  FS and switch repeatability is  $\pm 1\%$ .

3000-1.5 kPa Qty 3

3000-5 kPa Qty 1

**ONLY \$395.00 each**

### #7 1950 Explosion Proof Differential Pressure Switches

This combines the best features of the Dwyer Series 1900 Pressure Switch with an integral explosion-proof & weatherproof housing. It is CE, UL and CSA listed, FM approved for use in Class I, Div 1, Groups C and D, Class II Groups E, F, and G and Class III hazardous atmospheres (NEMA 7 & 9), Raintight (NEMA 3).

1950-02-2S 0.03/0.10 "W.C Qty 3

1950P-50-2F 15/50 PSI Qty 1

**ONLY \$199.00 each**

### #8 Accessories & Spares

A-605 Air Filter Gauge Kit for Magnehelic gauge Qty 1 **ONLY \$40.00 each**

A-532 Air Velocity Calculator Slide Chart Qty 1 **FREE with above item A-605**

100mm dial window for Magnehelic gauge Qty 43 **ONLY \$1.00 each**

ASF 100mm dial window for Magnehelic gauge w/ adjustable signal flag Qty 1 **ONLY \$10.00 each**

A-369 Aluminium Surface Mount Stand-Hang Bracket for Magnehelic gauge Qty 1 **FREE with item #5**

A-339 Brass adaptor, 1/8" NPT to 3/16" rubber & 1/8" ID plastic tubing w/ washers Qty 6 **ONLY \$2.00 each**
